December 1, 2016

Parents,

In an effort to ensure a safe and conducive learning environment for our students, beginning January 11, 2017 students will enter the secure area of the building independently. Rest assured, there will be staff members available throughout the building to assist students and provide guidance during this transitional process. As always, parents are welcome to visit classrooms with a prior set appointment in accordance with the Classroom Administrative Guidelines and GKC (LOCAL) which can be found on our website, www.pi-isd.net, or at request through our front office.

We know that if we work together, we can continue to enhance your child's education and improve safety measures already in place. Thank you for your continued support in the education and safety of our students and staff.
